Systems of assessment and verification of constancy of performance

System 3

The Austrian Institute of Construction Engineering (ÖiB) issued according to the regulation (EU) No. 305/2011 the European Technical Assessment

ETA-08/0147

based on the European Assessment Document

EAD 070006-00-0504

„Gypsum boards with fibrous reinforcement for lining of building elements.“

A factory production control system in compliance with EN ISO 9001 adapted to EN 15283-2 and ETA-08/0147 is established to ensure that the construction products conform with the declared performance characteristics.
